NOTES: Author must provide at least one thesis printed on archival paper for the APO. Author copies may be printed on archival or regular paper. It is not cost effective to provide printed thesis copies to be yellow softbound. We suggest providing printed copies to be blue hardbound. As of March 2019, the cost for hardbinding is \$45. Submit a PDF of thesis and a 200 word abstract in Word (.doc) file to Lea Fraser at WHOI.
