

URGE

Unlearning Racism in Geoscience

URGE is a community-wide journal reading and policy-design curriculum to help diversify the Geoscience

Participants will engage in three module spanning across 6 months that incorporates reading, interview with experts, and discussion focused on learning about and implementing efficient anti-racist strategies.

Modules	Topic	Deliverables	Inclusivity
June - July	Refining Conversations	Revised Code of Conduct	Amplifying Geoscientists of Color Voices
August	Refining Relationships	TBD	TBD
Sept - Dec	Refining policies	TBD	TBD
