Deployable Barriers (mun.) +48"	<input checked="" type="checkbox"/>			
Wet Floodproofing (res.)	<input checked="" type="checkbox"/>			
Gardiner Rd Dune Construction (@wall)	<input checked="" type="checkbox"/>			
Restore Eel/Mill Pond Connection	<input checked="" type="checkbox"/>			
Elevate roads and parcels (res.)	<input checked="" type="checkbox"/>			
Raise Gardiner seawall w/ drainage	<input checked="" type="checkbox"/>			See comments below.
Floodproof Park Rd Sewer Lift Station	<input checked="" type="checkbox"/>			
Millfield Rd Backyard Berms	<input checked="" type="checkbox"/>			
Drainage for Gardiner seawall	<input checked="" type="checkbox"/>			Most important would aid Mill Pond situation; consider adding several feet to high areas on edges of seawall (from 10-12 to 13 ft)
Elevate Structures (res.)	<input checked="" type="checkbox"/>			
Buyouts & convert to open space (res.)	<input type="checkbox"/>

Deployable Barriers (mun.) +48"	<input checked="" type="checkbox"/>			These 2 solutions seem doable
Wet Floodproofing (res.)	<input checked="" type="checkbox"/>			but not necessarily effective long-term
Gardiner Rd Dune Construction (@wall)	<input checked="" type="checkbox"/>			These 2 solutions together
Restore Eel/Mill Pond Connection	<input checked="" type="checkbox"/>			seem optimal
Elevate roads and parcels (res.)	<input type="checkbox"/>		<input checked="" type="checkbox"/>	A lot of cost for short term protection
Raise Gardiner seawall w/ drainage	<input checked="" type="checkbox"/>			Preferable to other drainage option
Floodproof Park Rd Sewer Lift Station	<input checked="" type="checkbox"/>			This is a priority
Millfield Rd Backyard Berms	<input checked="" type="checkbox"/>			Nice solution though short term
Drainage for Gardiner seawall	<input type="checkbox"/>		<input checked="" type="checkbox"/>	least optimal choice for seawall
Elevate Structures (res.)	<input type="checkbox"/>		<input checked="" type="checkbox"/>	A lot of cost for short term protection
Buyouts & convert to open space (res.)	<input checked="" type="checkbox"/>			Painful for homeowners but best option for long term
