What can RWH do to help you face the challenges from climate change?

Advocate for relief culvert under sea wall

Fast track solutions of Falmouth ComCon!

Advocate for golf course, ↑ housing

Show next team funding options

Pressure our local state + world leaders

Provide Everyone with P.F.D.s & Personal Flooding Devices!

Support low level efforts →

neighborhood climate coffee club "meetings" ①

teach in on basement flood prevention education ②

help engage younger generations of residents - how will our kids be informed a deal w/ this

talk to sea wall owners

More SSA
freight to
New Bedford

Continue
science
outreach to
build community

reduce
golf to
9 holes or
none

move
vulnerable
people to
the golf course

more
house
rats

E bikes
Public transport
car-free zone
(Pedestrian Zone!)

lessening the
financial
burden of
mitigation
measures. So
all can afford
to own their
homes or
have their
children
keep them

What change do you hope to see that would preserve the function/character of Woods Hole for future generations?

affordable
housing

No more
condos

Keep the
mix of
commercial +
residential +
the institutions

more
drinking
establishments
(year-round)

Affordable housing
Pre In the Sky
And a ballpark
district in Falmouth!

maintain
shops and
post office
gas station + small
retail bar

No
more
CARS
ONLY
Bart access

affordable
workforce
housing!

Less pick truck?
More housing +
rapid transit +
a Zoo!
