BRAID MEMBERS ARE

BRAID members are active, typically participating in proposal efforts and/or working groups, and attending annual symposia and occasional workshops.

If you are interested in becoming a member, send an email to info@braidalliance.org and a representative of the Leaders Team will contact you to discuss how you and your organization might contribute to, and benefit from, BRAID.

JOIN US

BRAID invites you to join the conversation and connect with members on LinkedIn at:

 www.linkedin.com/in/braid-leadership

As an evolving and expanding organization, BRAID is looking for new members who extend our disciplinary and/or demographic reach, within the framework of research and education in climate and marine science. Founding members were part of a network developed by the Woods Hole Partnership Education Program, and the alliance grew as more people became interested and filled essential roles. At present, members represent four types of organizations:

- ✓ Minority Serving Institutions with an interest or programs in climate or marine science
- ✓ Woods Hole Research Institutions
- ✓ Other educational or research organizations with an interest in equity in STEM
- ✓ Racial equity scholars collaborating as a cohort of color
